

Business Architecture Working Group

TC Meeting Date: 9-10 Dec. 2008
Reporting Chair: McWhorter / Ulrich
Group page: <http://bawg.omg.org/>
Group email: bawg@omg.org

- **Highlights from this Meeting:**

- Fred Cummins presented the Business Motivational Metamodel (BMM) / business architecture relationship:
 - Discussed role / relationship of BMM to business architecture
 - Need to determine connections, extensions, role of BMM in business architecture
- Neal McWhorter:
 - OSM discussion centered around standalone
 - Currently some OSM-like capabilities within Records Management Spec. and Government Domain Task Force
 - OSM submission due in May 2009
 - BAWG will write a white paper suggesting OSM submission modifications
 - Decision – issue a white paper offering business architecture related requirements to the OSM submission team (see Neal McWhorter – coordinator)

Business Architecture Working Group

TC Meeting Date: 9-10 Dec. 2008
Reporting Chair: McWhorter / Ulrich
Group page: <http://bawg.omg.org/>
Group email: bawg@omg.org

- **Highlights from this Meeting:**

- Wells Fargo Business Architecture Presentation
 - By Andrew Guiarte – presentation to be posted on bawg.omg.org
- Presentation by Vadim Prezner on a process for building the business architecture metamodel requirements
 - Comment RE: Need an architecture for OMG standards (see Cory's session note below)
- Walked through business architecture ontology tool by Donald Chapin
 - Donald will further research options to use this tool
- Cory Casanave presented his proposed approach to standards integration
 - There is a known need for this within the BAWG work
 - Cory will be on the BMI or BAWG agenda to run a session in Wash. DC
 - We will provide link to white paper from bawg.omg.org

Business Architecture Working Group

TC Meeting Date: 9-10 Dec. 2008
Reporting Chair: McWhorter / Ulrich
Group page: <http://bawg.omg.org/>
Group email: bawg@omg.org

- **Highlights from this Meeting:**

- Presentation by John Deere / Duane Clarkson
 - Presentation will be posted to bawg.omg.org
- Update on Open Group BAWG work / TOGAF related issues
 - Ed Harrington / Donald Chapin will contact OG BAWG to invite to DC meeting
- Discussed Archimate as a competing specification
 - Fred will talk to Richard Soley about this
- Held session to approach / activities / agenda for next meeting
 - Scheduled next session for Wash. DC – March 24, 2009
 - Customer / user presentations from OMB (Ulrich), DoL and Shell (Chapin will provide Shell name)
 - Present BAWG white paper with recommendations to OSM submitters
 - Discuss business architecture artifact domain categories and contents and role of existing OMG standards (e.g. BMM, IMM, OSM, etc.)
- Ulrich raised issue of becoming a SIG & asked people to think about this for next meeting

Business Architecture Working Group

TC Meeting Date: 9-10 Dec. 2008
Reporting Chair: McWhorter / Ulrich
Group page: <http://bawg.omg.org/>
Group email: bawg@omg.org

- **Future Deliverables (In-Process):**

- Setup wiki to establish baseline domain categories for Wash. DC business architecture artifact identification
 - Neal McWhorter will setup wiki or linkedin and email BAWG list
- Publish white paper from BAWG to OSM submitters requesting specific business architecture related OSM requirements
 - Contact Neal McWhorter to participate (Neal.McWhorter@entagility.com)

- **Next meeting:** Tuesday, March 24th 2009 in Wash. DC

- Develop proposed list of business architecture domain categories and related artifacts
- Identify overlapping or inclusive standards that either contribute to, overlap with or may be linked to business architecture
